To Whom It May Concern,

It is my pleasure to recommend Brian Mizell. His performance working as a consultant for HealthPoint Medical Group has been instrumental in keeping our current McKesson Practice Partner (MPP) project on track.

We are currently implementing MPP across 35 practice site and 388 users. Brian has worked as a consultant and subject matter expert, and based on his work, I would rank him as one of the best consultants I have ever had.

Brian is highly intelligent and has good analytical and communication skills. He is able to work side by side with clinicians and help them quickly grasp the complex systems and processes necessary to implement an Electronic Medical Record.

If his performance in our company is a good indication of how he would perform in yours, he will certainly be an extremely positive asset to organization.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me. You can reach via email or cell phone: [Pete.Rivera@Baycare.org](mailto:Pete.Rivera@Baycare.org), 352-494-4859.

Sincerely,
